146 SCHOOLS PARTICIPATE IN FRESH FRUIT AND VEGETABLE PROGRAM

(FRANKFORT, Ky.) – More than 59,000 students in 146 Kentucky schools will enjoy fresh produce in the 2016-17 school year as part of a federal Fresh Fruit and Vegetable Program (FFVP) implemented through the U.S.

Department of Agriculture (USDA). The FFVP provides all children in participating schools with a variety of free fresh fruits and vegetables throughout the school day. It is an effective and creative way of introducing fresh fruits and vegetables as healthy snack options. The FFVP also encourages community partnerships to support the schools when they offer free fruits and vegetables to children during the school day. The goal of the FFVP is to:

- create healthier school environments by providing healthier food choices
- expand the variety of fruits and vegetables children experience
- increase children's fruit and vegetable consumption
- make a difference in children's diets to impact their present and future health

School selection was based upon submitted applications from elementary schools that operate the National School Lunch Program and that have 50 percent or more of their students eligible for free/reduced-price meals. Priority was given to schools with the highest percentage of free- and reduced-price eligible students. Kentucky received more than \$3 million in FFVP funding for the 2016-17 school year. Each participating school will receive funds to operate the program based on approximately \$50 per student. The participating schools are listed below.
